

3–4 YEARS | WEEK 01

“Age-appropriate, progressive learning worksheets help build foundational skills for your child”

Dear parents,

With **HP Print Learn Center**, you get access to worksheet-based learning modules that come with guided video tutorials helping children master fundamental concepts through our Learn Apply Resolve framework.

Our scientifically designed worksheets feature a weekly curriculum with paper-pencil based practice that help build a routine around off-screen learning, and focus on these guiding principles:

- Experiential learning
- Sensory and perceptual development
- Cognitive development
- Critical thinking
- Algorithmic thinking
- Development of creative and aesthetic appreciation
- Representing objects, concepts, ideas in the form of drawing, patterns, and coloring

Our age-appropriate, progressive learning worksheets help your child thrive in all the following skills required to ensure a strong foundation for future success:

- | | | | |
|-----------------------|----------------------|-----------------------|------------------------|
| • Expression | • Observation | • High order thinking | • Self-management |
| • Listening | • Comparison | • Imagination | • Coloring |
| • Literacy creativity | • Social skills | • Aesthetics | • Drawing |
| • Numeracy | • Critical thinking | • Etiquette | • Language skills |
| • General awareness | • Writing & speaking | • Self-awareness | • Scientific curiosity |

Our full curriculum spans 52 weeks of structured learning. Your subscription gives you access to 1 year of content and 30 video tutorials with 1500 practice worksheets. The following table lists the activities included in this week's curriculum. You can visit www.printlearncenter.com at any time to explore the full breadth of our learning resources. We hope your child will enjoy these activities!

• Match shape to objects	• Concept formation - Tracing shapes 1
• Sort - Odd one out	• Concept formation - Tracing shapes 2
• Create - New objects	• Observation - Shape to object
• Count - Shapes	• Observe and draw - Same shape
• Color - Follow instructions	• Patterns - Shapes
• Match - Big to small	• Concept formation - Tracing shapes 3
• Draw - Shape candies	• Match - Same shape
• Draw - House & Joker	• Shape search
• Match - Shape to name	• Pick and circle - Triangles

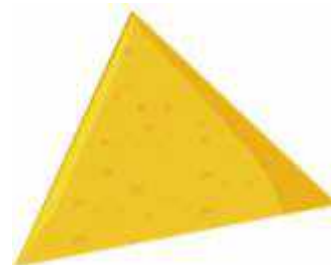

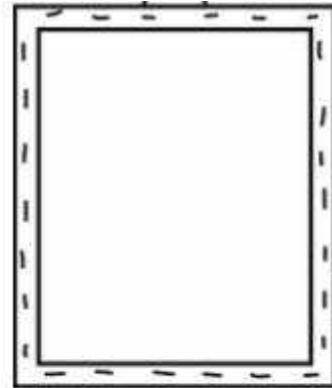

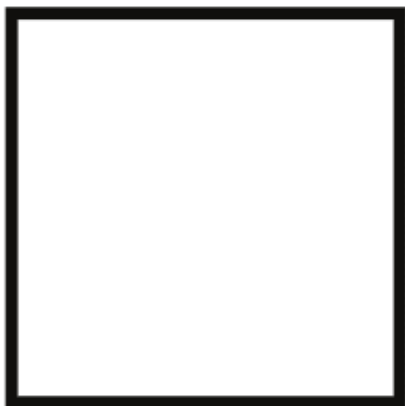

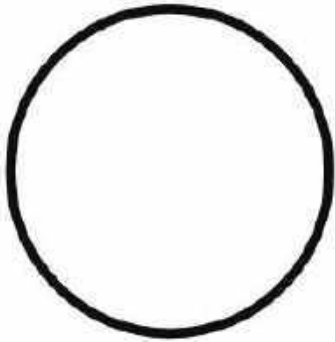

Hello children! We are Dholu-Bholu.
Our friends and we will be your fun-learning partners
for the MATHS series!

Shapes: Match shape to objects

Can you identify the shape of a given object? Draw a line by matching the shapes on the left to the objects on the right.

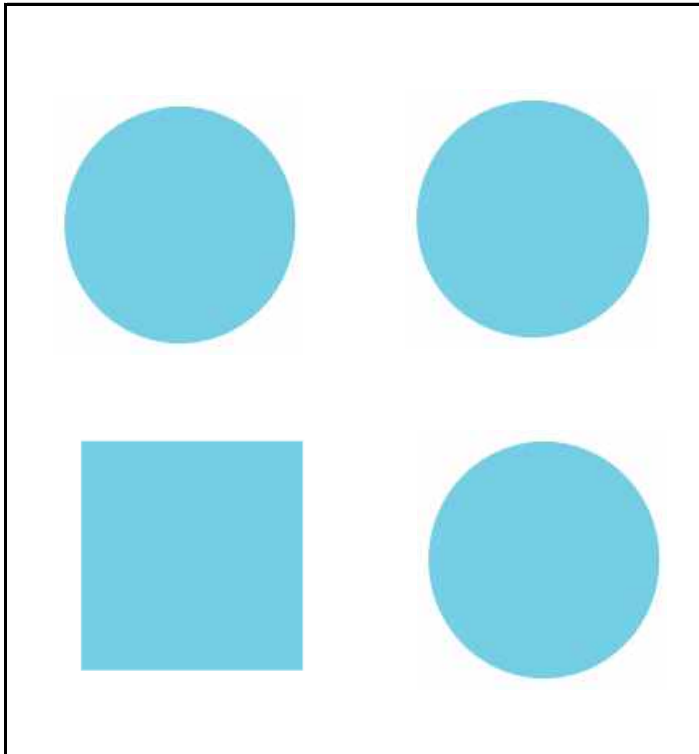

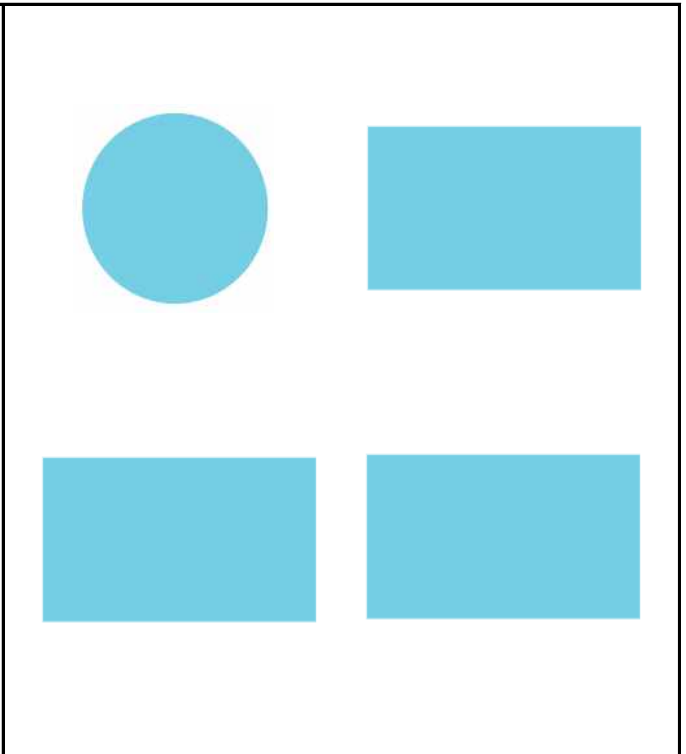

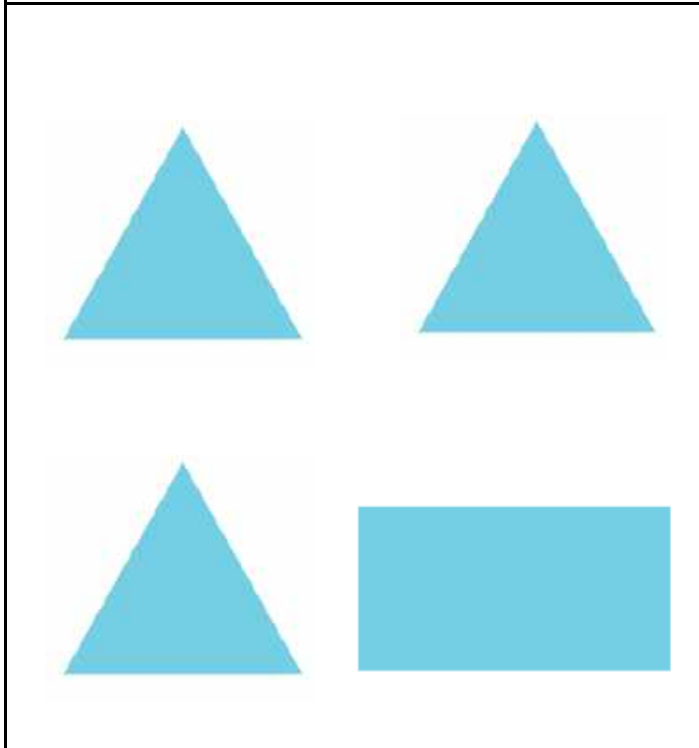

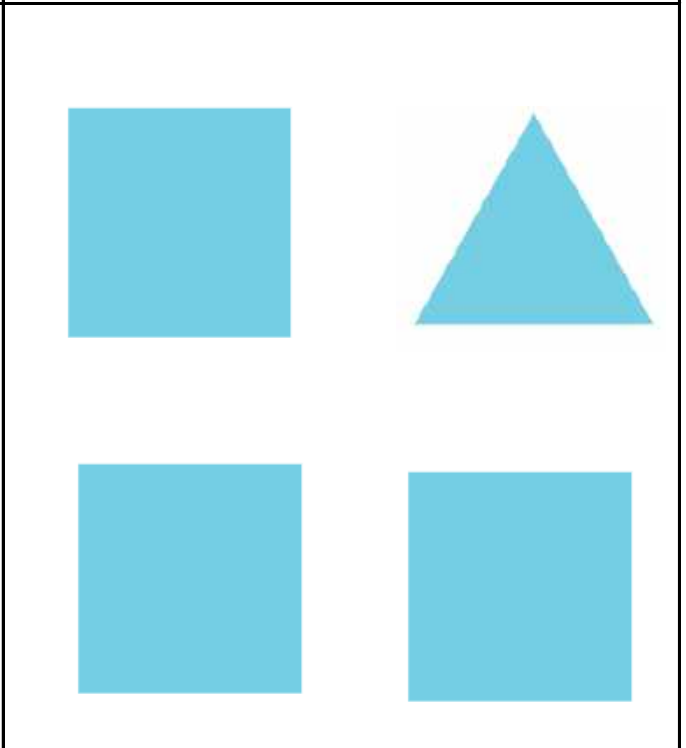

Hello children! We are Dholu-Bholu.
Our friends and we will be your fun-learning partners
for the MATHS series!

Shapes: Odd one out

Draw a square around the shape, which is different from the other shapes in the group.

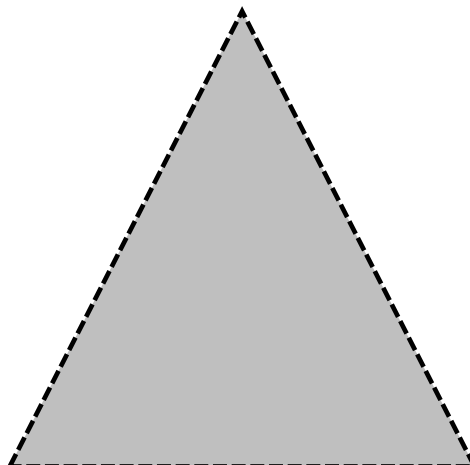

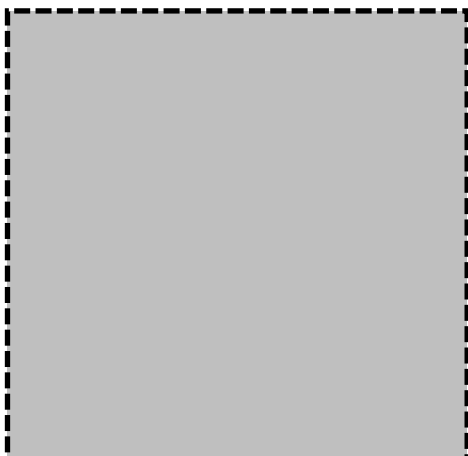

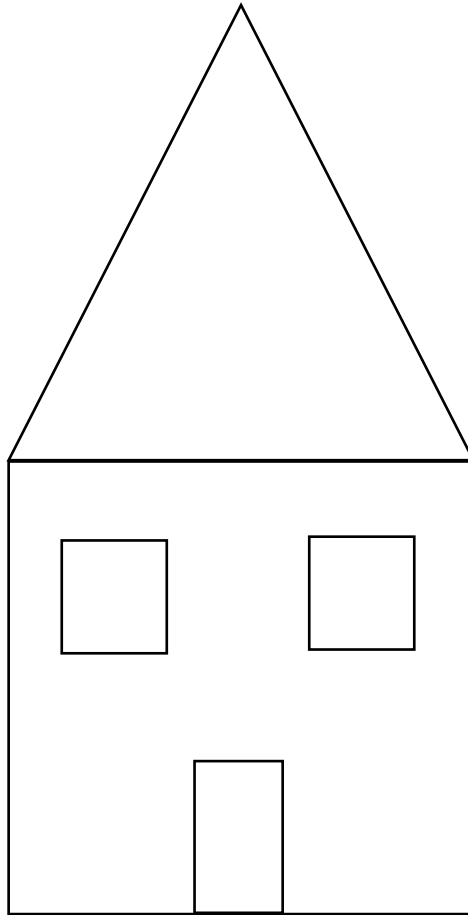

Hello children! We are Dholu-Bholu.
Our friends and we will be your fun-learning partners
for the MATHS series!

Shapes: Create objects

Can you create objects from the shapes given below? With the help of an adult, cut the images along the dotted lines given below and paste them according to the shape picture shown above.

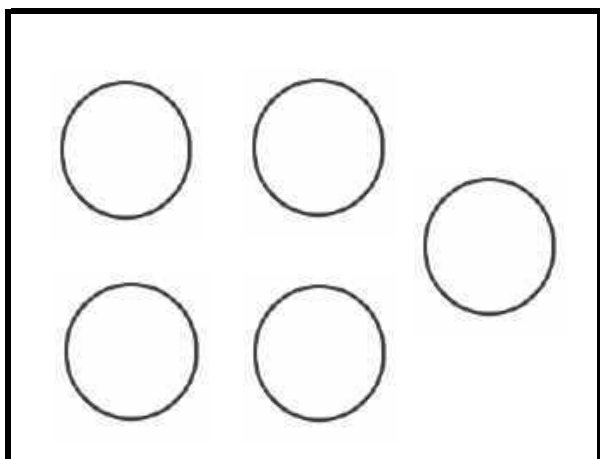

Hello children! We are Dholu-Bholu.
Our friends and we will be your fun-learning partners
for the MATHS series!

Shapes: Count the shapes

Count the shapes in each box and circle the correct number in the box given below.

2

Hello children! We are Dholu-Bholu.
Our friends and we will be your fun-learning partners
for the MATHS series!

Shapes: Colour by instructions

Trace and colour the shapes of these objects based on the instructions given below.

1. Colour the circle grey.
2. Colour the triangle green.
3. Colour the rectangle brown.
4. Colour the oval yellow.

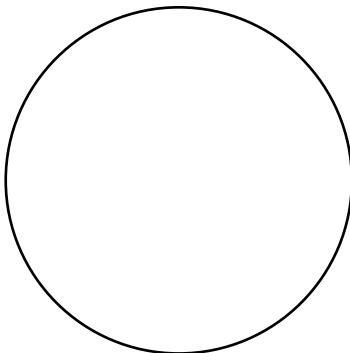

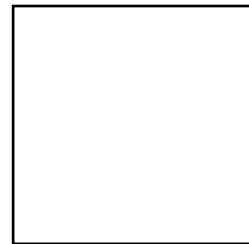

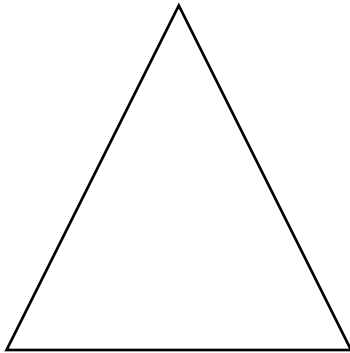

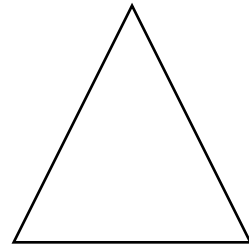

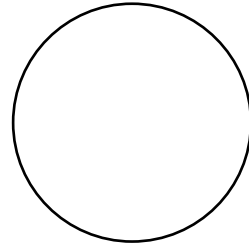

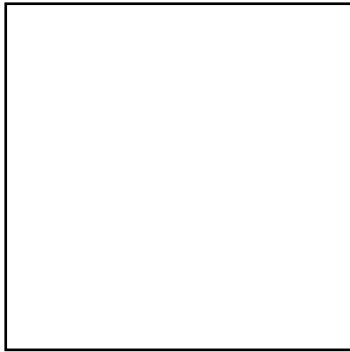

Match

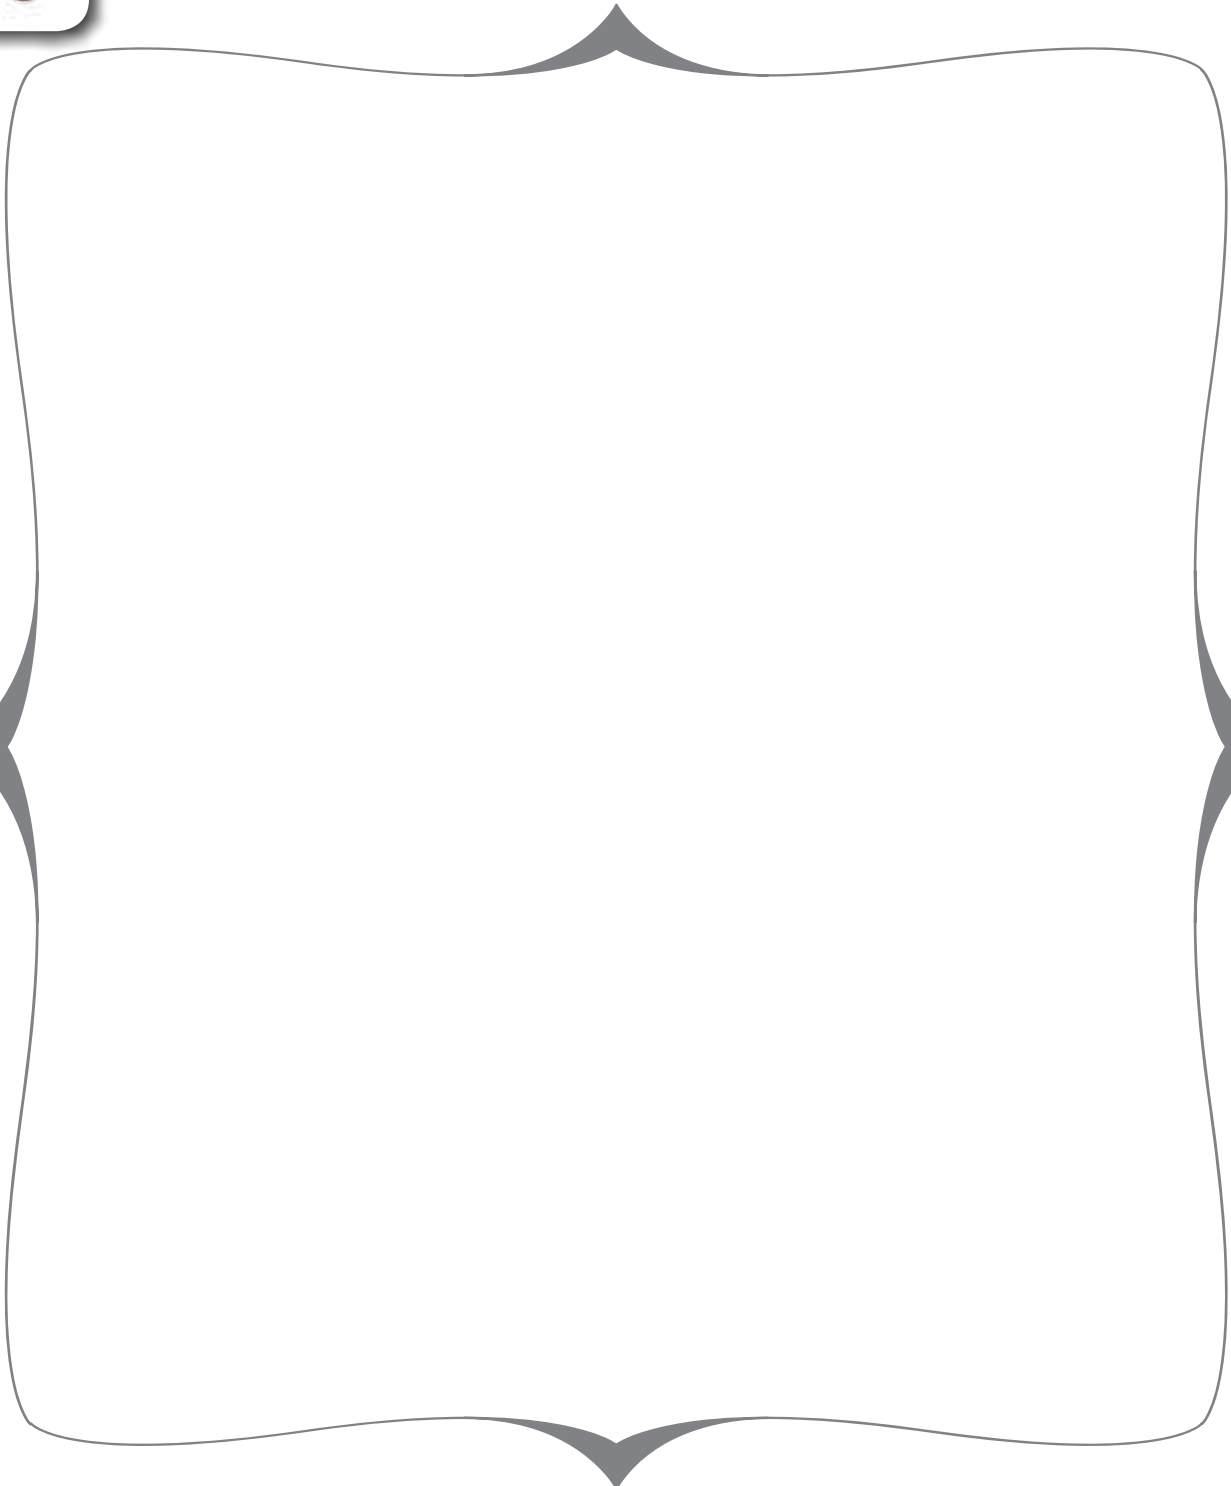

Help Chutki match the big shapes with the small shapes by drawing a line.

Hello children. I am Bholu.
I will be your fun-learning
partner for this week.

**Show Bholu how creative you are. Draw five candies of
your favorite shape in the space given below and color
them in your favorite color.**

Bye children, I hope you enjoyed my company.

Give Bholu a gift of your creativity before he leaves you.

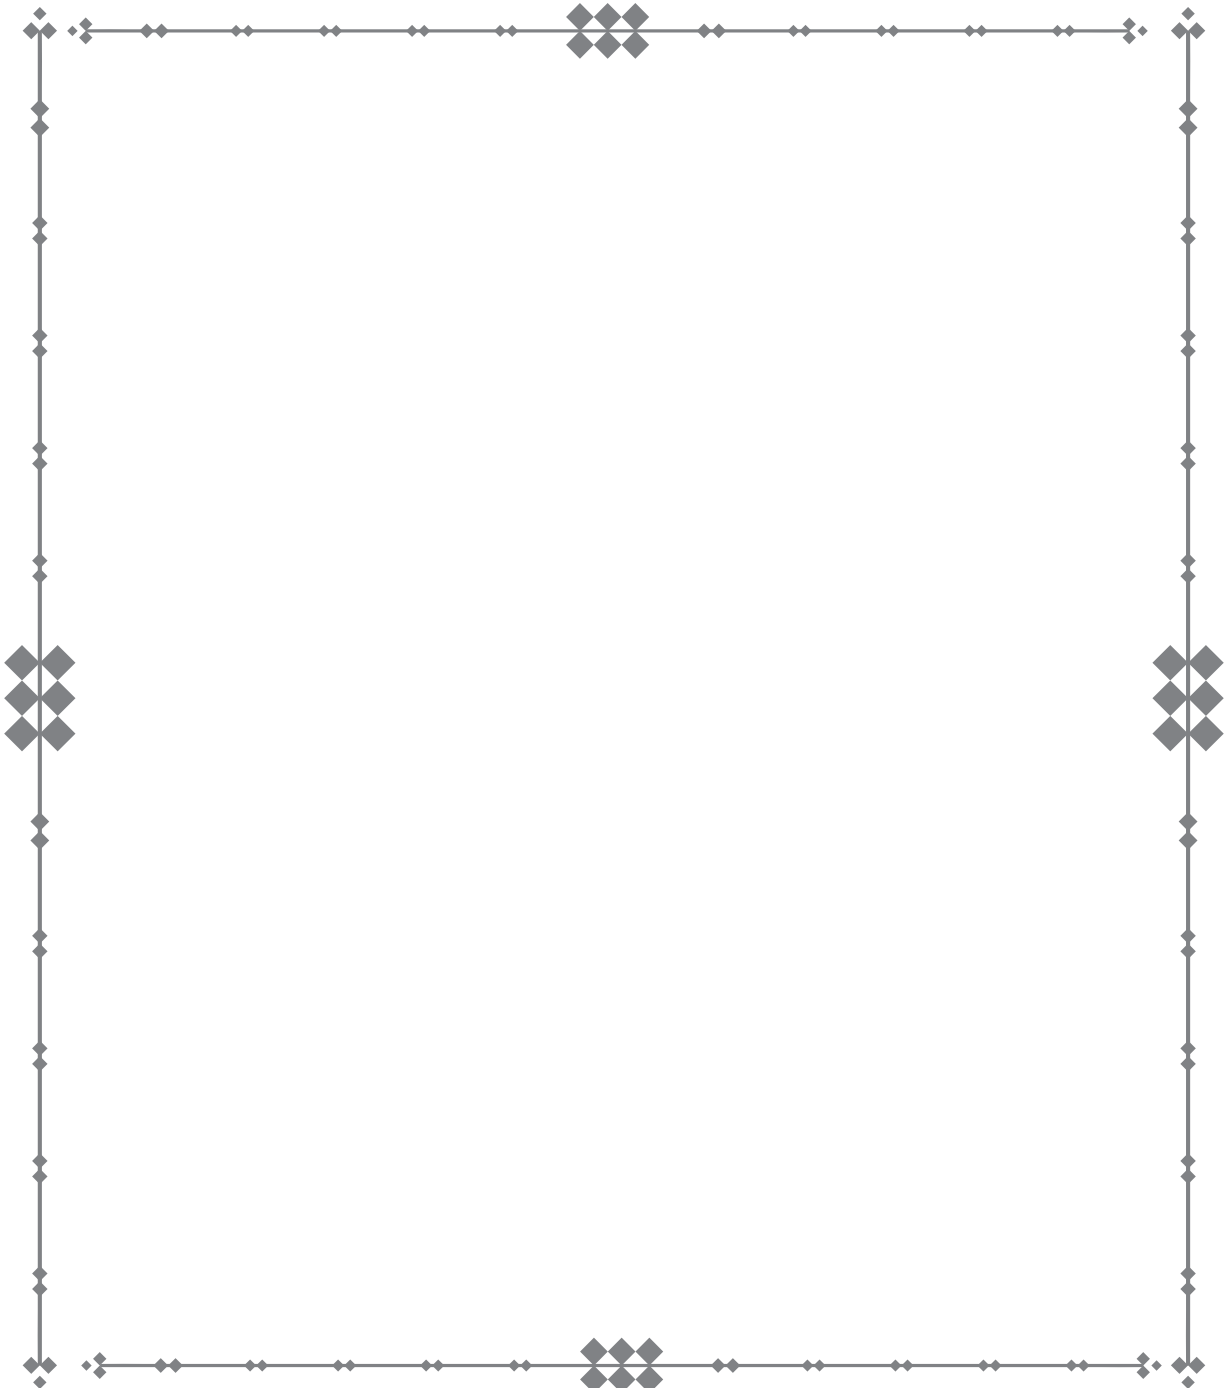

Draw and color a house as follows:

roof: triangle door: square windows: circle

walls: square

Color the house as follows:

doors - red windows - yellow walls - blue

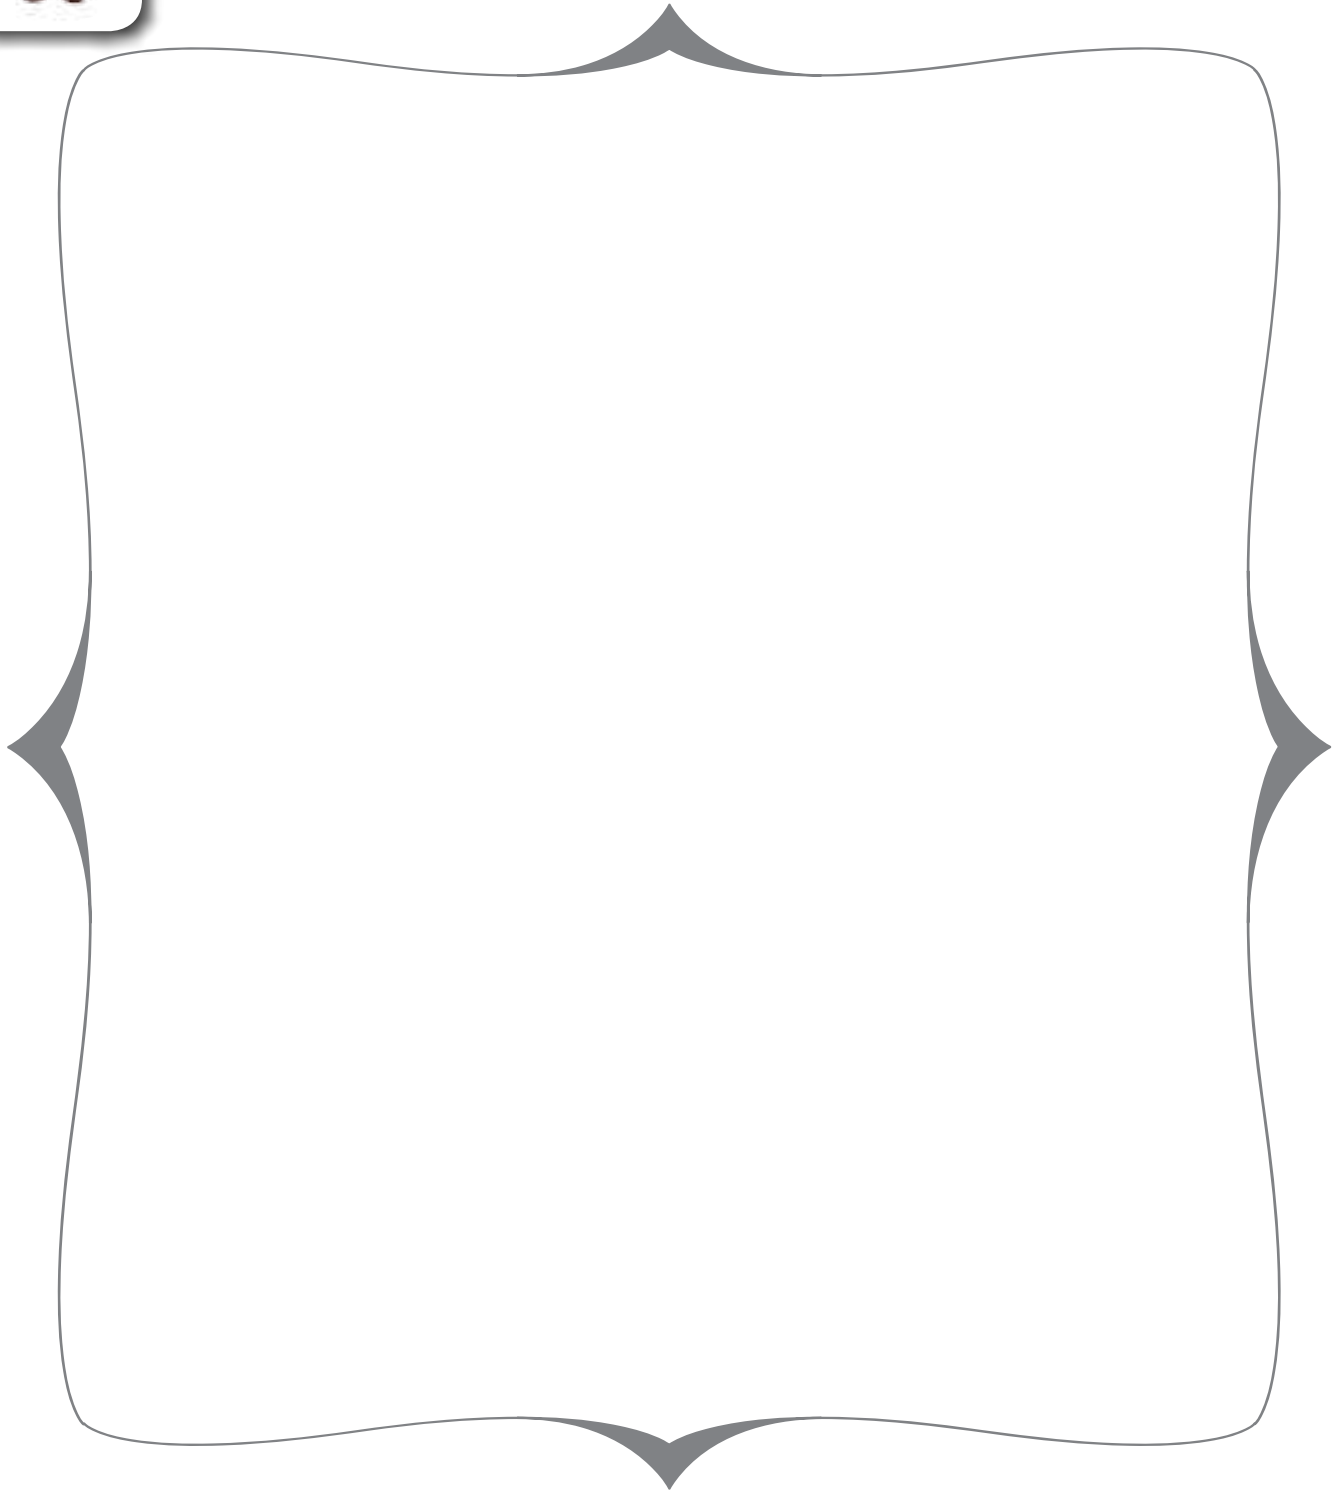

Hello children. I am Bholu.
I will be your fun-learning
partner for this week.

**Show Bholu how creative you are. Draw and color
a joker as follows:**

face- triangle, body- rectangle, legs- lines

Match

Help Kalia match the shapes with their names.

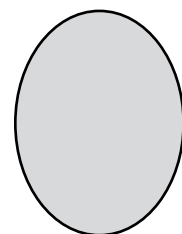

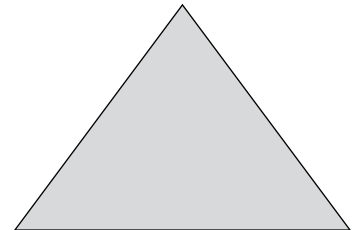

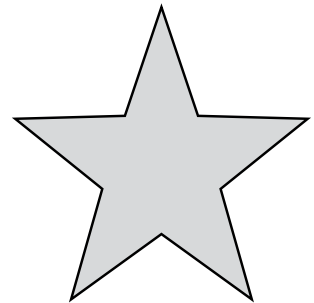

Oval

Triangle

Square

Star

Rectangle

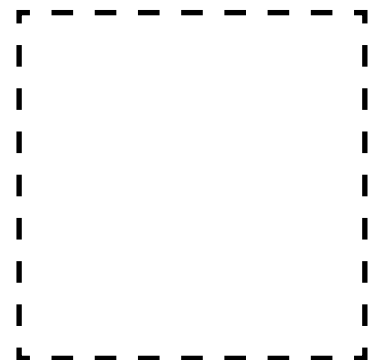

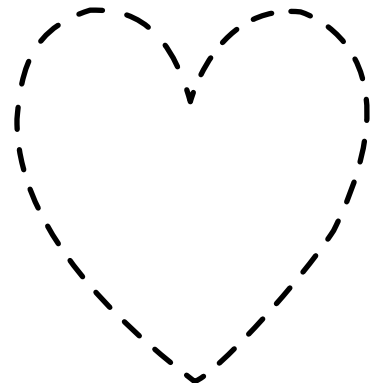

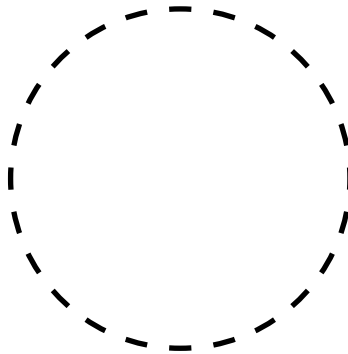

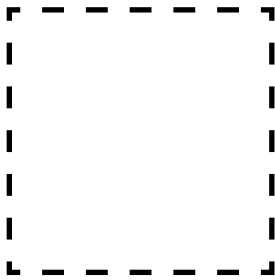

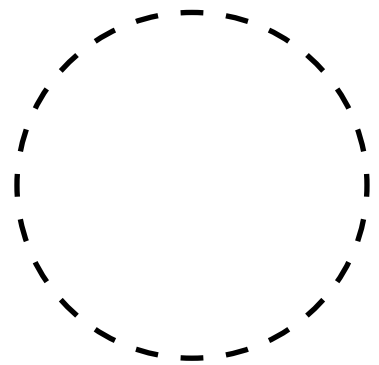

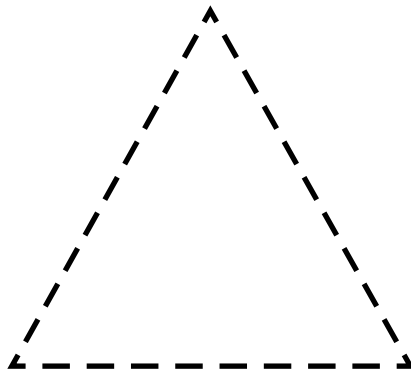

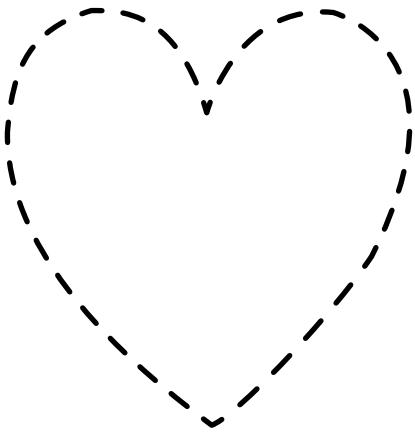

Concept formation

Trace the shapes using different crayons as indicated.

circle – red, triangle – blue, heart – yellow, square – green

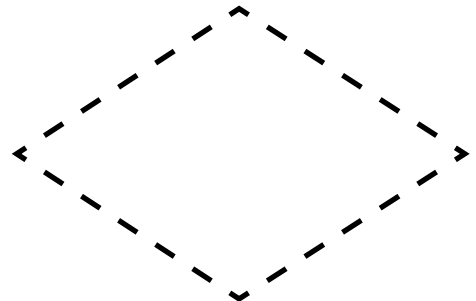

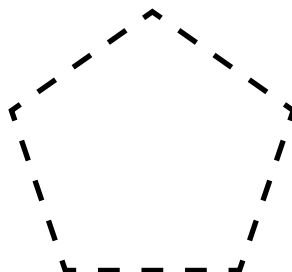

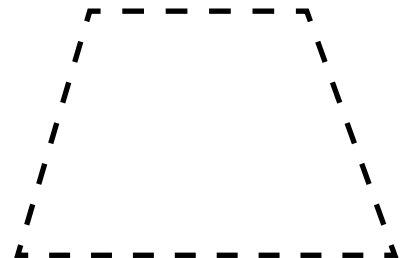

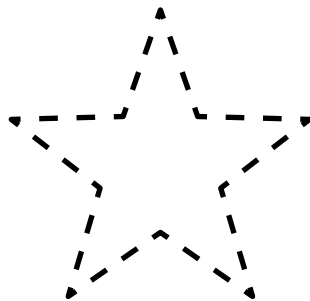

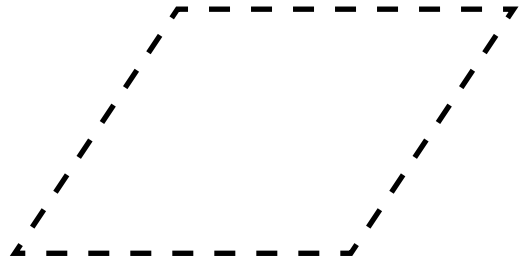

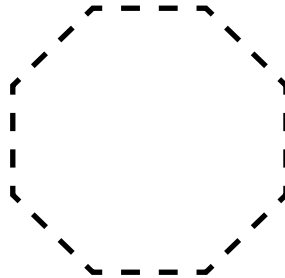

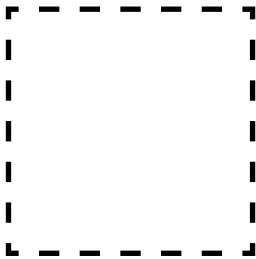

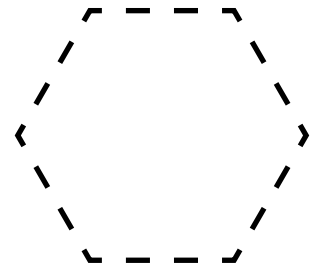

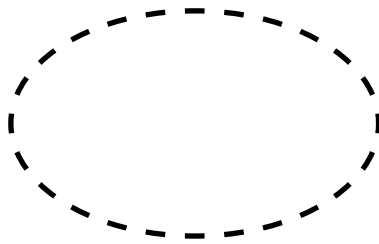

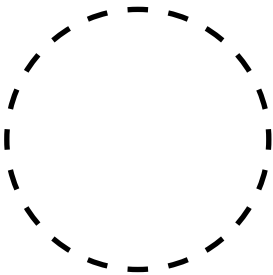

Shapes

Trace different kind of shapes using pencil.

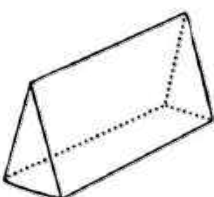

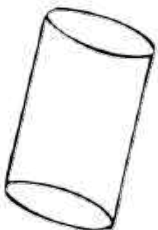

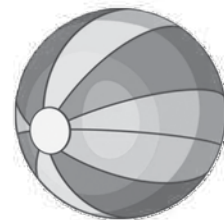

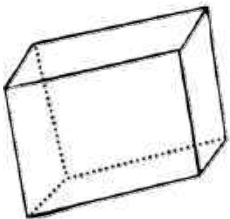

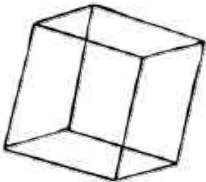

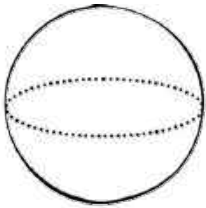

Observation

Match the shapes with the objects that resemble them.

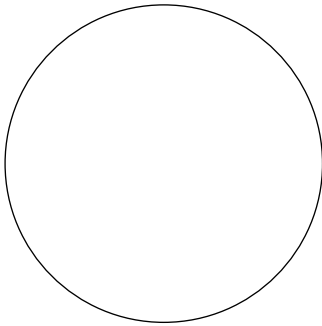

Observe and draw

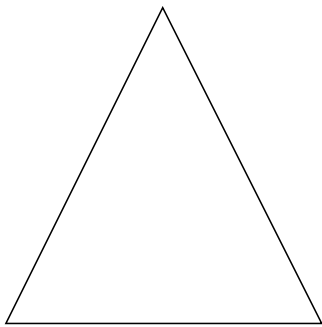

Follow the instructions given below and do as directed.

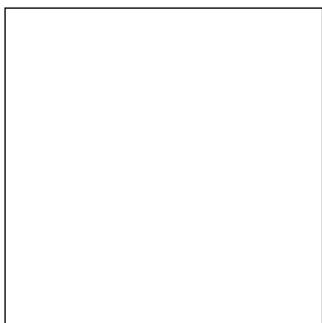

Observe the circle and draw the same in the box given below.

Observe the triangle and draw the same in the box given below.

Observe the square and draw the same in the box given below.

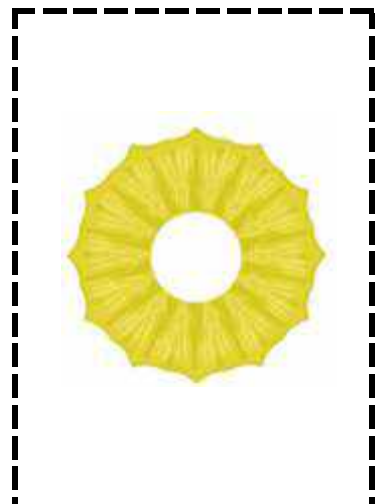

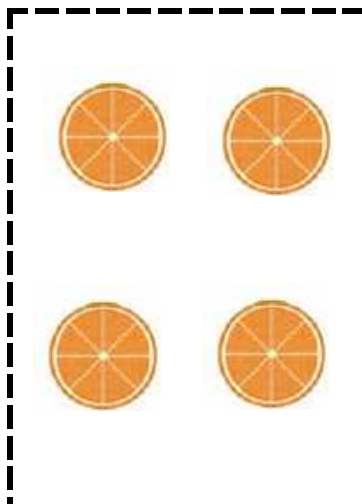

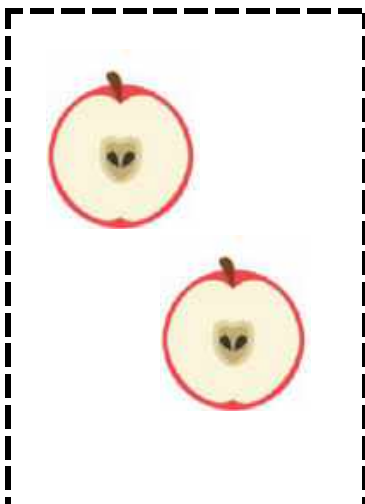

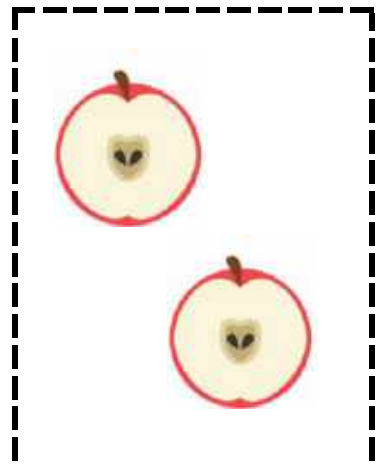

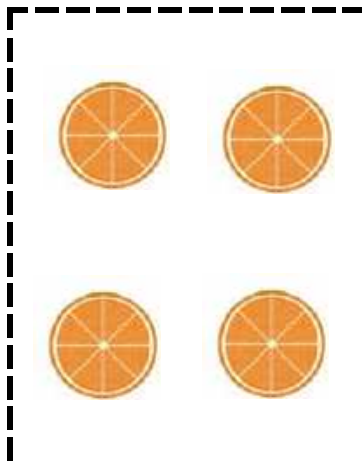

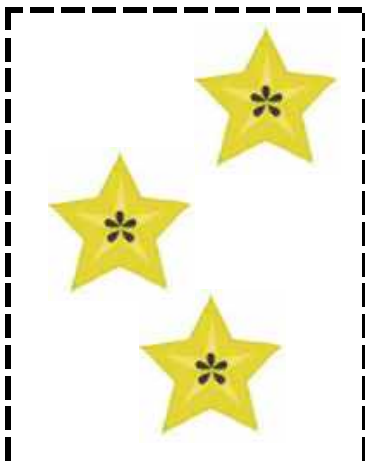

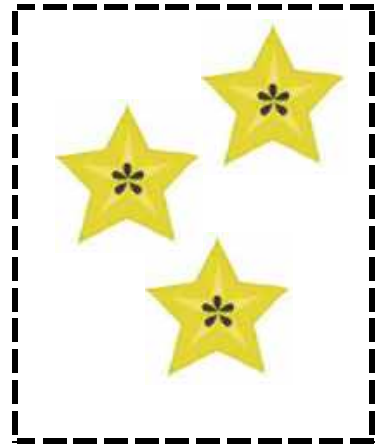

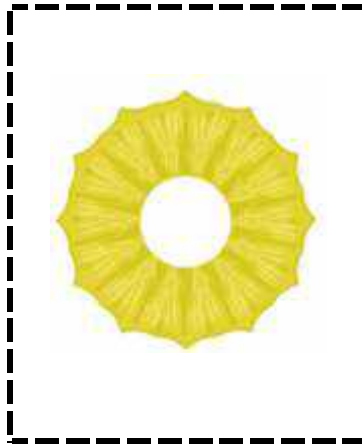

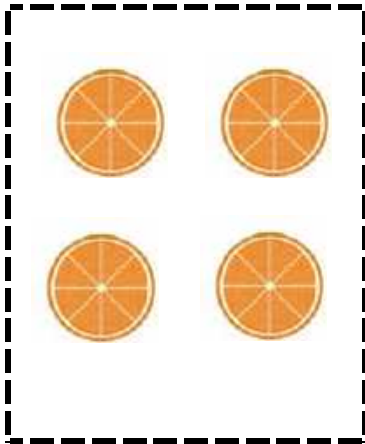

Hello children! I am Chhutki.
My friends and I will be your fun-learning partners for
the HOBBIES & INTERESTS series!

Patterns : Shapes

Cut out these cards along the dotted lines. Then put the shapes with the same patterns together in one pile.

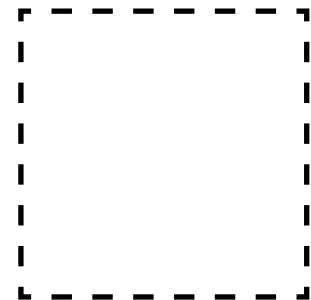

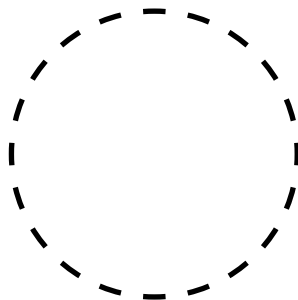

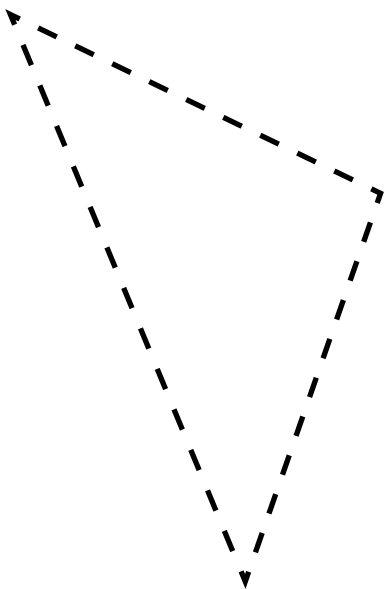

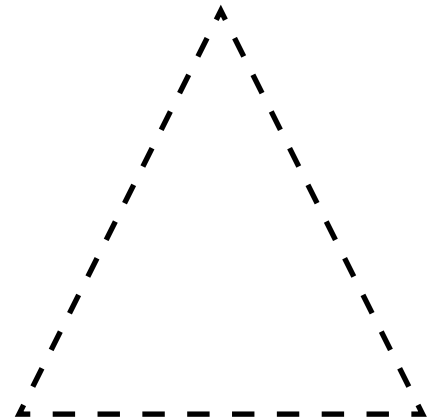

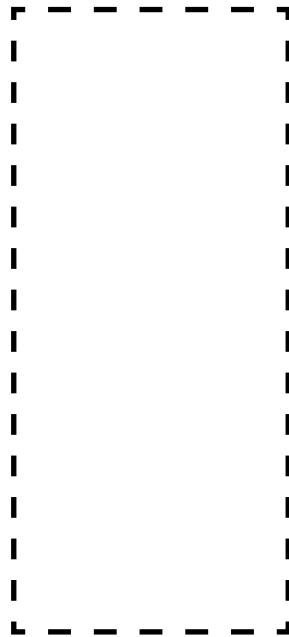

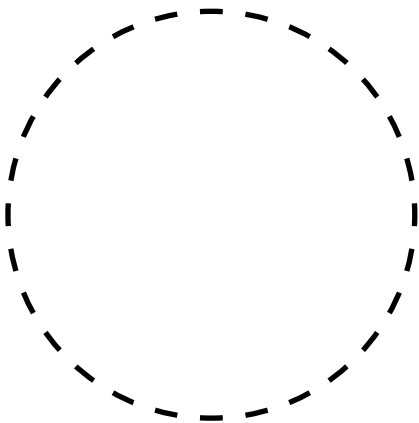

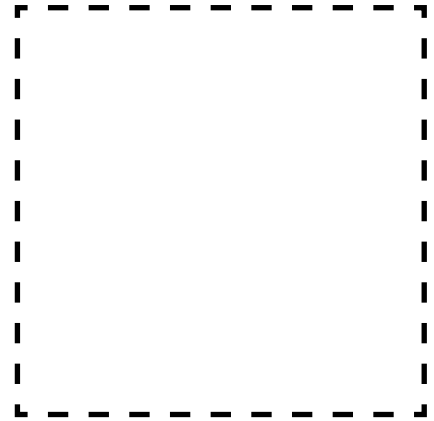

Trace the shapes

Help Sonu and Monu trace the shapes and color them.

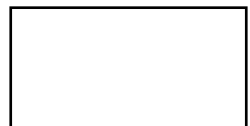

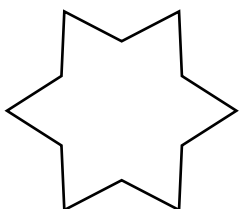

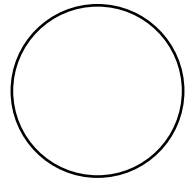

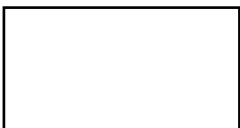

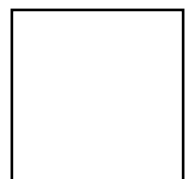

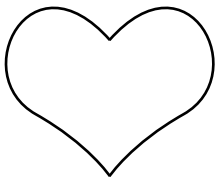

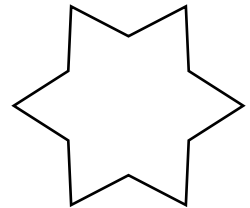

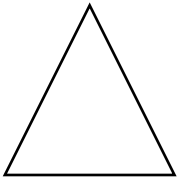

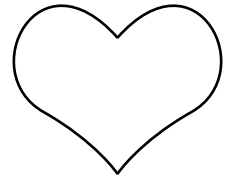

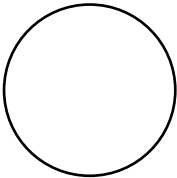

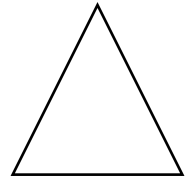

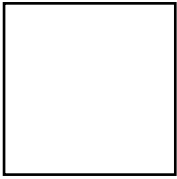

Match

Help Sonu and Monu match the shapes.

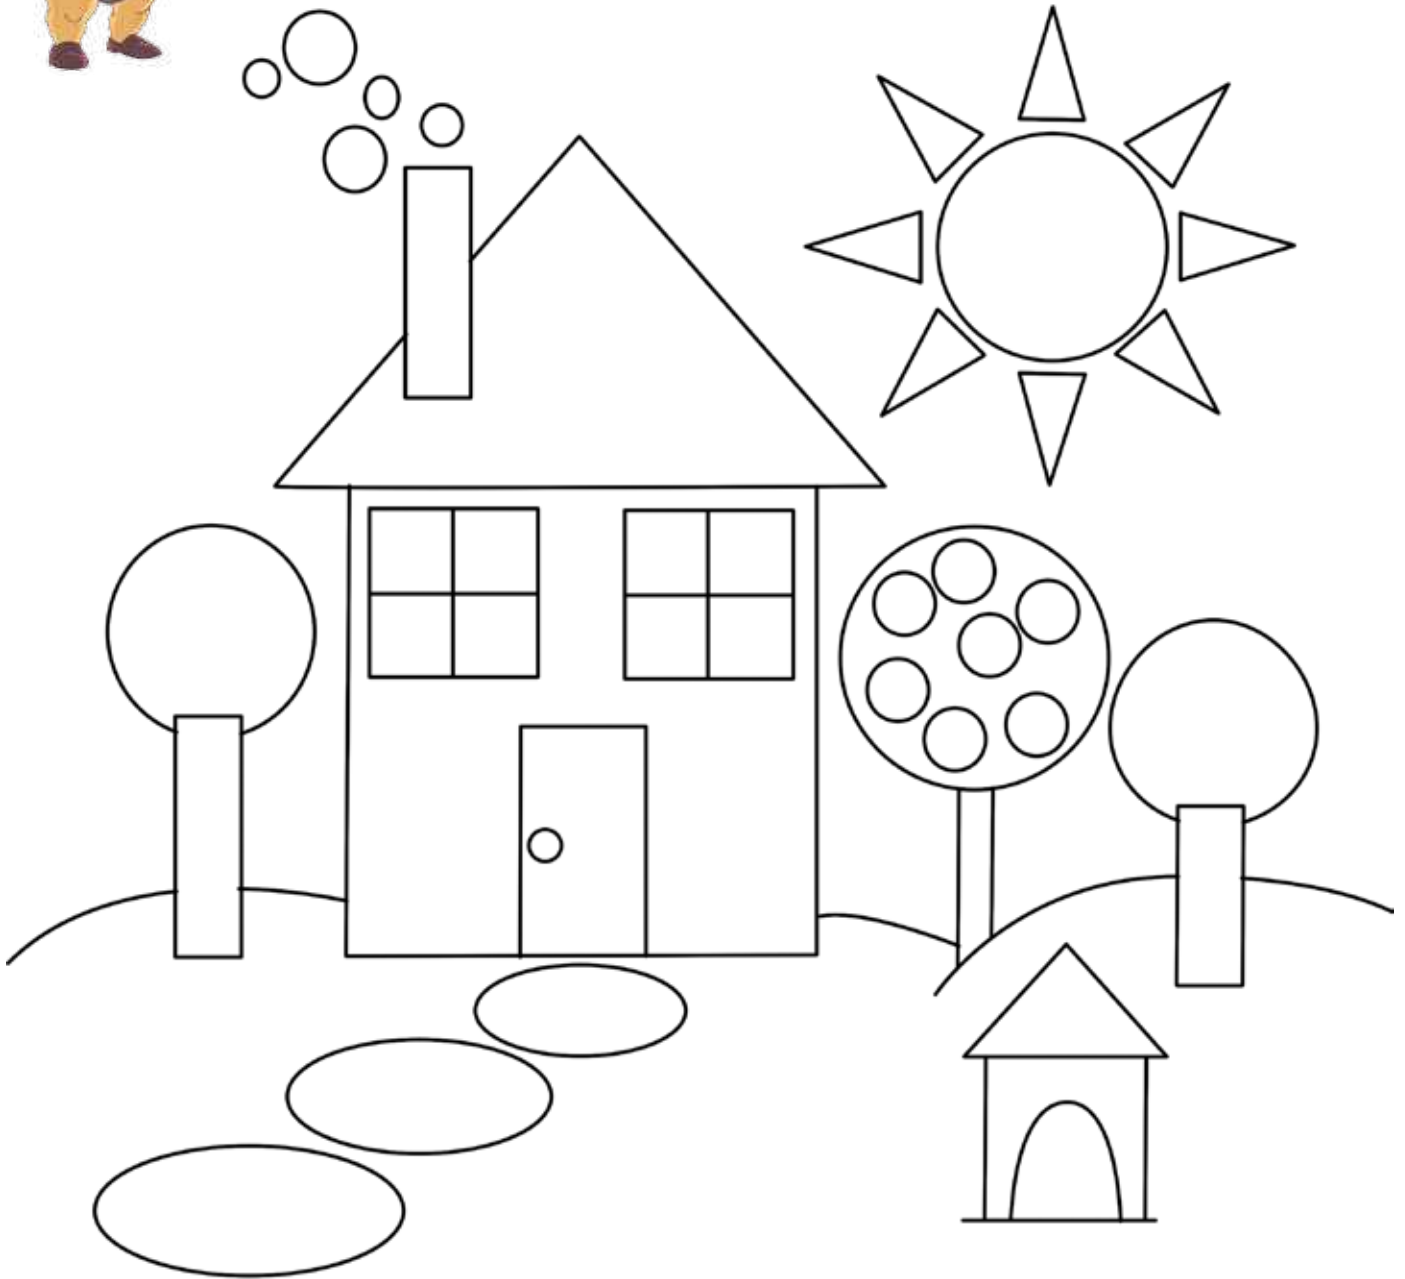

Shape search

Help Sonu and Monu count the shapes. Count the shapes and write the correct number near each shape.

_____ circles

_____ rectangles

_____ triangles

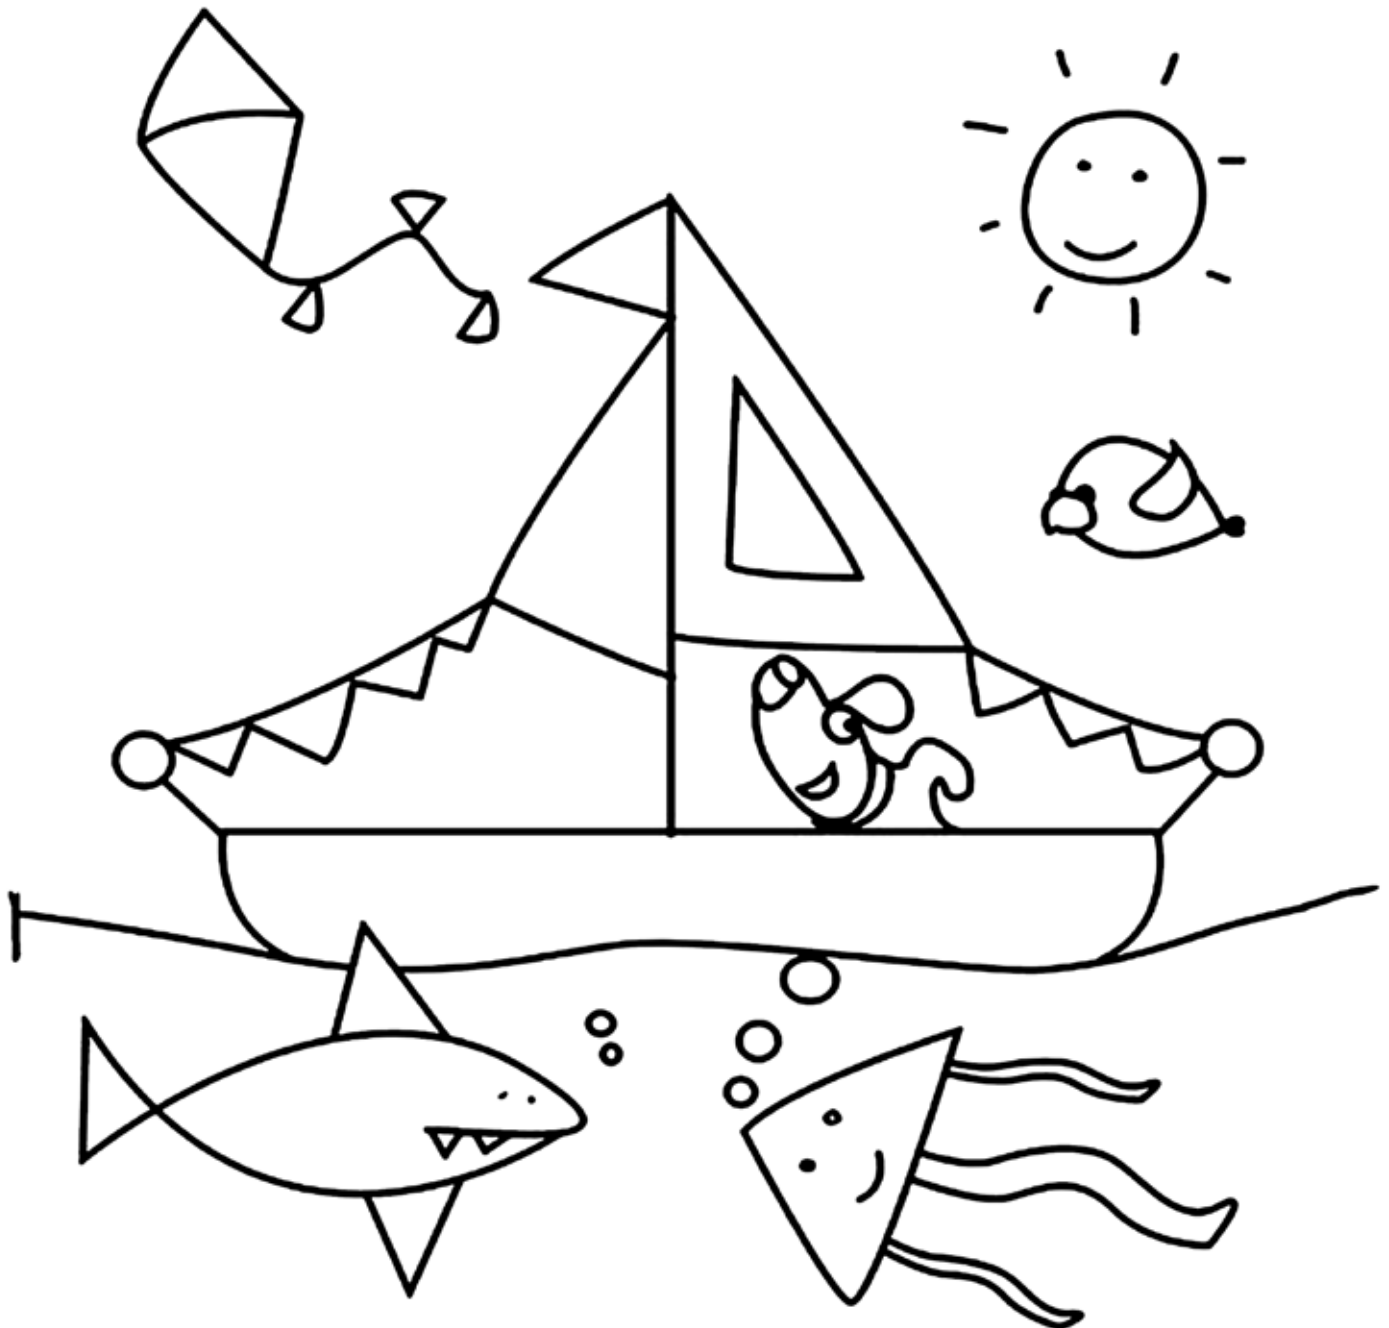

_____ squares

Pick and circle

Look at the picture and find the triangles and color them. Help Sonu and Monu to count the total number of triangles and write in the box given.

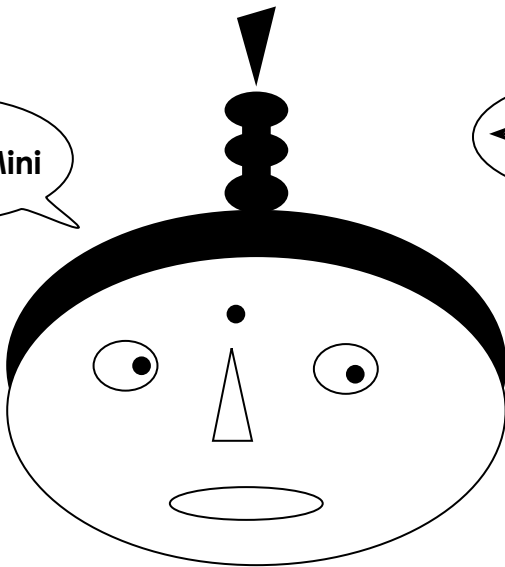

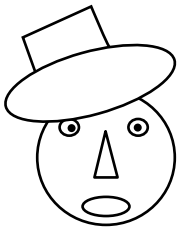

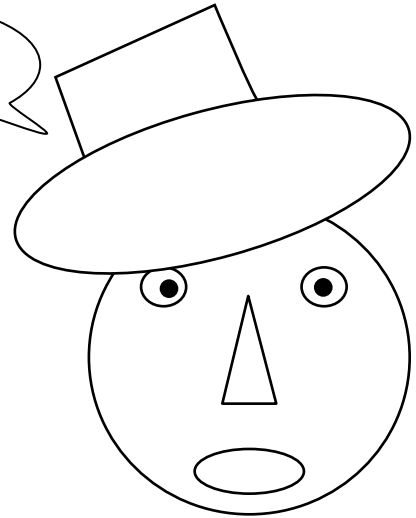

Introducing Mini

Hi! I am Mini

← This is Mini

Observe Mini's face carefully and put a tick mark on the shapes given on the left if you can see them on Mini's face.
